Hatch a plan for your egg-free vegan ready-meals

The public's upped concern for animal welfare is leading to a decline in the egg industry. But is there a viable substitute?

Whether you're baking cookies, muffins, sponge cakes; pancakes...

Scratch the surface for diverse citrus flavour

Just scratch the surface of any citrus fruit and you release a beautifully diverse flavour. Citrus zests, peels and slices are taken from the bright exterior layer of limes, lemons, grapefruit and oranges and can give just about any dish a major boost.

Committed to client satisfaction

All our produce is supplied from BRC accredited (or similar) factories

Samphire, a taste of the ocean

Growing in abundance in the tidal zone and around many estuaries in the UK, is a secret ingredient. Known as the Mermaid's Kiss or sometimes called sea asparagus or sea pickle, Samphire is an ingredient to propose to your customers this year.
